Forecast for Wednesday 19 Jun 2024

Weather: Largely cloudy skies through the early hours of Wednesday but cloud generally lifting and breaking into the morning allowing some warm, if slightly hazy, sunshine to develop into the afternoon and evening. Light winds.

Chance of cloud-free hill tops above 600m: 60% at first, but rising to 100% by mid-morning.

Low cloud and visibility: Cloud lowering down to 400-500m through the early hours and first part of the morning in places, thickest in the north and east of the range. Cloud breaking and rising above tops by mid-morning. Visibility generally very good, but locally poor in any early morning low cloud.
